ABDULRAHMAN ABDULLAH SURUR AL-JUNAID

SOFTWARE ENGINEERING GRADUATE | MOBILE & WEB DEVELOPMENT

PROFILE

I am a software engineering graduate learning mobile and backend development with Flutter and Laravel. I focus on building practical applications and improving my skills through real projects

EDUCATION

BA Information Technology | Sana'a University

Jan 2021 – Jan 2025

- Graduated with strong academic performance
- Relevant Coursework: Data Structures, Database Systems, Software Engineering
- Graduation Project: "Wusal" – A delivery management app for delivery personnel using Flutter (frontend) and Laravel (backend)
- Not published on Google Play (personal project)

PROJECT-BASED EXPERIENCE

Mobile App Developer | Freelance & Academic Projects

Jan 2024 – Present

- Developed "Wusal", a delivery management app for Android using Flutter (frontend) and Laravel (backend).
- Focused on clean UI, smooth navigation, and reliable performance.
- Currently enhancing the app with **electronic payment integration** (e.g., Cash, YKB).

Frontend Developer | Personal Projects

Jan 2025 – Present

- Built responsive websites using HTML, CSS, and JavaScript and C#.
- Designed clean layouts and interactive UI components.
- Published projects on GitHub to track progress and share code.
